ArcGIS for Desktop Free Trial

What Is Included?

ArcGIS 10.1 for Desktop Advanced software and the following extensions:

- ArcGIS 3D Analyst
- ArcGIS Geostatistical Analyst
- ArcGIS Network Analyst
- ArcGIS Publisher
- ArcGIS Schematics
- ArcGIS Spatial Analyst
- ArcGIS Tracking Analyst
- ArcGIS Data Interoperability
- ArcGIS Data Reviewer
- ArcGIS Workflow Manager

Free 60-day Trial Registration

Log in or create a free Esri Global Account to access the free trial.

- ☐ I have an Esri Global Account
- ☒ I need to create a new Esri Global Account

Free Trial also available for:

Esri Press Books

Who is it for?

People who purchased an ArcGIS for Desktop workbook and want to activate their free trial now. [Learn more](#)

Esri Education

Who is it for?

Students or instructors who have an authorization code for ArcGIS for Desktop Education. [Learn more](#)

ArcGIS 10.1 for Desktop

Free 60-day Trial

[Logout](#)

Follow the steps below to download and install ArcGIS 10.1 for Desktop.

Before you download

- Read the [system requirements](#).
- ArcGIS 10.1 can only be installed on a machine that does not have an earlier version of ArcGIS. If you need to uninstall earlier versions of ArcGIS, download the ArcGIS Uninstall Utility file below.
- Install the Microsoft .Net Framework 3.5 Service Pack 1 file below.

To download

1. Click the ArcGIS for Desktop file below to download the software and generate the authorization number for the trial. The Esri Download Manager will open in a separate window to keep track of the files you choose to download.
 - ArcGIS 3D Analyst, ArcGIS Geostatistical Analyst, ArcGIS Network Analyst, ArcGIS Publisher, ArcGIS Schematics, ArcGIS Spatial Analyst, and ArcGIS Tracking Analyst are included in the ArcGIS for Desktop file download.
 - Download times will vary based on your internet connection speed.
 - ArcGIS Data Interoperability, ArcGIS Data Reviewer, and ArcGIS Workflow Manager extensions are available as individual files. Download each file as necessary to access those features.
 - Optional file: ArcGIS Tutorial Data for Desktop is available for download to provide a starting point to help you familiarize yourself with the software. Please note that the tutorial data is available in English only.
2. Extract the installation files to a destination folder of your choosing. If you prefer, you can automatically launch the setup after the files have been extracted.
3. When prompted, select ArcGIS for Desktop Advanced (ArcInfo) Single Use. Click Authorize Now.
4. On the Authorization Options dialog, check the 'I have installed my software and need to authorize it' option and click Next.
5. Enter the authorization number provided to you via e-mail and click Next. (If you did not receive an authorization number, make sure to click the ArcGIS for Desktop file below).

Presionar el botón «Download», para descargar ArcGIS for Desktop

www.esri.com/apps/products/arcgis/v10_1/eval/demomktg/index.cfm?event=download.index

Schematics, ArcGIS Spatial Analyst, and ArcGIS Tracking Analyst are included in the ArcGIS for Desktop file download.

- Download times will vary based on your internet connection speed.
 - ArcGIS Data Interoperability, ArcGIS Data Reviewer, and ArcGIS Workflow Manager extensions are available as individual files. Download each file as necessary to access those features.
 - Optional file: ArcGIS Tutorial Data for Desktop is available for download to provide a starting point to help you familiarize yourself with the software. Please note that the tutorial data is available in English only.
2. Extract the installation files to a destination folder of your choosing. If you prefer, you can automatically launch the setup after the files have been extracted.
 3. When prompted, select ArcGIS for Desktop Advanced (ArcInfo) Single Use. Click Authorize Now.
 4. On the Authorization Options dialog, check the 'I have installed my software and need to authorize it' option and click Next.
 5. Enter the authorization number provided to you via e-mail and click Next. (If you did not receive an authorization number, make sure to click the ArcGIS for Desktop file below).
 6. On the Authorize Software Extensions dialog, select 'I do not want to authorize any extensions at this time' and click Next.

Your free 60-day trial ArcGIS 10.1 for Desktop software is now ready for use.

Introduction

It is recommended that all Data Interoperability Extension for ArcGIS 10.1 users download and install this Service Pack, at their earliest convenience, to ensure the highest quality experience when using the Data Interoperability Extension.

In addition to maintenance fixes, this Service Pack also updates the Data Interoperability extension to FME 2012 build 12262, the latest FME version available from Safe Software.

Issues Addressed with this Service Pack

- Latest formats and transformers available with FME 2012 build 12262

Installing the Service Pack on Windows

Installation Notes:

Data Interoperability Extension for ArcGIS 10.1 must be installed before you can install Service Pack 1. If you have a previous patch/service pack installed, you may apply Service Pack 1 over it to update the required files.

Installation Steps:

1. Chose the ArcGIS Data Interoperability Extension file for your environment and copy it to a location other than the installation folder:

ArcGIS Data Interoperability Extension	Checksum	
ArcGISDataInteropDT101sp1.msp	137 MB	DCC6BEB237581BBF8654BFBEA03994EF
ArcGISDataInteropServer101sp1.msp	154 MB	86DD7163FE11BD2640F776CB72D17AC0

2. Make sure you have write access to the **ArcGIS Data Interoperability Extension** installation folder and that no one is accessing it.

Note: The default installation directory is C:\Program Files\ESRI\Data Interoperability Extension

3. Double-click the setup msp file to start the installation process.
4. When setup starts, follow the instructions on your screen.
